(#) The undergraduate athletic training program is nationally accredited by the Commission on Accreditation of Athletic Training Education (CAATE). Students can become involved in athletic training at UNC–Chapel Hill as early as their first year, when they are assigned observational hours in Stallings Evans Sports Medicine Center. Students gain exposure to injury evaluation, treatment, and rehabilitation while working under the supervision of certified athletic trainers. Students who wish to continue with athletic training as a career path should apply to the program during the fall semester of their sophomore year. Applications are due October 15.

Prerequisites include 1) a minimum of 50 observational hours, 2) successful completion (B grade minimum) of EXSS 175 Human Anatomy and 288 Emergency Care of Injuries and Illness by the end of the fall semester of the sophomore year, and 3) a minimum cumulative grade point average of 2.75.

Interested students should attend an organizational meeting held on the first Tuesday of every semester at 7:00 p.m. in Room 106 Fetzer Hall.

* EXSS 376 and 385 have a pre-requisite of Math 110.
